<u>Appendix No. 2</u> to Dean's Directive No. 3/2025 *Study in doctoral study programmes from the 2025/26 academic year*

Study Plan for the *Regulation and Behavioural Studies*

for students beginning their studies in the 2025/26 academic year or later

Study Plan

1. Compulsory courses (15 credits per course):

Economics and Regulation

Applied economic theory and experiments

Research methods

2. Compulsory elective courses (10 credits per course; students must select 2 or 3 courses):

Behavioral economics

Global changes and strategic management

Human behaviour and decisions in spatial perspective

Computational experiments in experimental economics

Human behavior

Evaluation of state interventions

Eye tracking in pedagogical practice

3. Elective courses:

A student may select up to two additional courses offered at UJEP or another higher education institution in the Czech Republic or abroad, which supplement and deepen the knowledge and skills relevant to the student's field of specialisation and dissertation.

A maximum of 5 credits may be earned for each elective course within the ISP.

A total of 65 to 75 credits must be earned for the course component of the ISP.
